However, the salary growth in management consulting outpaces many industry positions. Because of that, the net income after a few years in consulting can exceed those in other industries, despite an initially lower base pay. In top consulting firms, you can typically expect a 10-20% increase in your base pay and/or performance bonuses each year. Additionally, when promoted to the next level (usually every 2-3 years), the increase in your income is substantially larger.
