### 36865155 - Virtual International Authority File

A famous Stanford experiment from the late 1960s tested preschool children's ability to resist the lure of instant gratification -- and it yielded some powerful insights about willpower and self-discipline. In the experiment, four-year-olds were put in a room by themselves with a marshmallow on a plate in front of them, and told that they could either eat the treat now, or if they waited until ...
